

# STRATEGIC POLICY STATEMENT

## NATIONAL COMMITTEE StanSA TC 5140.05: **CROCKERY**

This committee is the principal national body for the promotion and the establishment of guidelines in the development of crockery standards and to support the mission of Standards South Africa in this field.

### **1 Scope**

The scope of StanSA TC 5140.05 is standardization in the field of crockery by means of the following:

- ✦ the development of standards to set the necessary requirements for the manufacturer and to describe the test methods the product shall comply with to ensure high quality and fit for purpose products in the field of crockery;
- ✦ the adoption of international standards; and
- ✦ the promotion of national and international harmonization of crockery standards.

### **2 Activity**

StanSA TC 5140.05 will strive to ensure that

- ✦ viable and market related standards are produced;
- ✦ regular maintenance, in the form of amendments and revision of published standards is carried out;
- ✦ the latest technology is employed in the development and maintenance of crockery standards; and
- ✦ optimal harmonization with international standards, guidelines and recommendations are achieved.

These activities will be in the form of recommendations to the Chief Executive Officer of Standards South Africa for new requirements for standardization, the approval of new work items, the setting of priorities and to serve on, or to nominate persons to serve on, subcommittees.

StanSA TC 5140.05 shall remain at all times sensitive to the emerging needs of industry, government departments, environmental organizations, communities and users of its standards.
