TO ALL INTERESTED ORGANIZATIONS

Dear Sir/Madam

INVITATION FOR MEMBERSHIP TO TECHNICAL COMMITTEE

Standards South Africa an existing national technical committee, StanSA TC 5140.05 –*Crockery*

All Committees do not meet frequently – most of the work is completed by correspondence (E-mail), which ensures a maximum input from member organizations with minimum inroads on their time. The committees meet when there is a need and are notified well in advance. Please study the attached SANS 1-1:2003 *Standards for standards — Part 1: The development of national standards and other normative documents* for further information.

If the scope of the proposed technical committee (see attached, SPS) is of direct interest to your organization, we would appreciate your organization's representation on the technical committee on one of two alternative levels viz.

- P-membership: which enjoys full voting rights, but with an obligation to respond to documents circulated for comment and/or voting and, to participate in and (where applicable) vote at meetings.
- O-membership: which enjoys limited voting rights, but has the right to submit comments and to participate in meetings.

Both membership levels receive all documentation and it is possible for the membership level to be changed on request.

If your organization would like to participate please complete the attached reply slip in full and return it to us by no later than 15 September 2007. Your nominated representative will receive all further correspondence with regard to the committee.

If no response is received, it will be assumed that your organization does not wish to be represented on the committee.

Please quote the reference in the correspondence.

We thank you for your co-operation.

Yours faithfully

Lerato Rakosa
