

PILOT'S TIP OF THE WEEK

Live Pastel Accounting Customer Integration

Pilot's Pastel Live utility allows complete customer integration into Pastel Accounting, which is particularly useful in a cashless environment such as:

- golf clubs
- canteens
- member's bars
- function halls

Pastel Live can be used with or without membership cards, and means you only have to maintain customer information in one place.

Credit limits are managed via Pastel, as are monthly statements.

All transactions are live and immediately updated.

Account payments can be accepted via Pilot's Point of Sale or Pastel Accounting.
